

How to Get Rid of Slugs

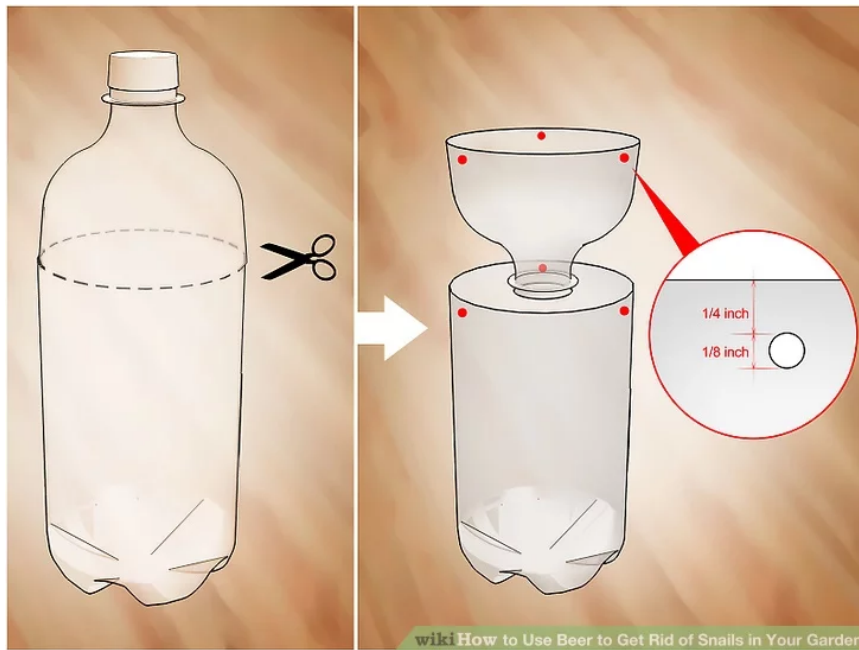

Slug Beer Trap:

Slugs are attracted to yeast so for this trap you will want to use beer or a yeast solution in a container (NO GLASS!!) deep enough to store a certain amount of solution to trap the slugs ex. Tuna can, aluminum foil pans, plastic cups, or water bottles etc. Reminder: NO GLASS CONTAINERS!

Ingredients for Yeast solution:

- 2 cups water
- 2 tsps sugar or honey
- 2 tsp flour
- 1 tsp yeast

Examples of traps:

Recommended Placement

Bury the bottle to the level of the opening

OR

Put the bottle on its side to trap the slugs
